Körnerpick Grain Feed Premium

Grain Feed

Complementary feed for poultry

Our Grain Feed Premium provides your chicken with a special mix of grain. We have added sunflower seeds, split peas and milo seeds to the recipe for our tried-and-tested grain feed. This not only produces a particularly palatable mix for your chicken but also provides a higher concentration of essential plant-based vitamins and minerals. The grain is gently processed to give our Grain Feed Premium its coarse structure, which will satisfy your chickens' natural pecking instinct. This grain mix is, of course, also GMO-free. Our Grain Feed Premium can be combined with the Flour Mix Oregano and is also suitable for feeding poultry such as geese and ducks.

The benefits at a glance:

- GMO-free chicken feed
- particularly tasty
- high concentration of natural vitamins & minerals
- also suitable for poultry such as geese & ducks

Fôranvisning:

Feeding recommendation:

To cover the daily nutritional demand of your poultry, combine Körnerpick Grain Feed Premium in ratio 1:2 with laying mash or laying pellets.

during the laying period:
per chicken/duck: approx. 120 g of ready-made feed per day
per goose: approx. 350 g of ready-made feed per day

Differences in breed and weight have to be considered.
Körnerpick Grain Feed Premium should be served daily in addition to enough fresh drinking water.

Sammensettning: hvete, Corn (broken), Erbsenbruch grün, solsikkefrø, Milo, kalciumkarbonat
