Carnebello with Chicken

Wet Food

Complete feed for adult dogs

Our Eggersmann Carnebello Dog Food with Chicken is a delicious wet feed with a comparatively low energy content, making it ideal for older dogs too. The prime-quality, low-fat chicken is easy to digest and gives it a firm and meaty texture. Combining a high amount of premium-quality, easily digestible poultry with salmon oil and omega-3 fatty acids, it provides your dog with all the nutrients it needs. Because of the particularly gentle cooking process, all the important vitamins, trace elements and minerals are retained in this complete dog feed. As it is completely free from grains, sugar and artificial colours and flavours, our wet dog feed provides your dog with both a tasty and nutritious meal. Our Eggersmann Carnebello Dog Food with Chicken is suitable as a complete feed for adult dogs but can also be mixed with dry feed if preferred.
